Regarding the **Emmons Street Property** already discussed in several prior emails - there is a link:

<http://www.ipetitions.com/petition/open-letter-to-the-franklin-town-council-regarding>

to the online petition. Members are encouraged to sign before the April 2nd meeting!

FAA’s official position is that the Town should wait until full public discussions about the potential use of this site can take place. We would then be in a position to fully articulate a position that supports our mission of bringing arts and culture to the community.

If you support this position, please follow the link in order to sign the petition, and have your friends and neighbors sign it also if they support delaying a decision on the 150 Emmons Street property.

There were many fascinating entries submitted and the best came from Judy Belben. She titled it “The Bradford’s” because “These blossoms look like Bradford pear tree blossoms. Elisa Sweig has this to share: "My daughter Jenna is a 4th year student at Northeastern University. In response to the bombings at the Marathon last year she has put together an amazing art project which will be exhibited at the marathon. She was in Paris at the time of the bombings and felt helpless like so many of us did when that happened and we didn't know where friends and relatives were right when the bombs went off. The project has become huge and is still growing. It is called Hands With Boston and can be found on Facebook, there is a community page which people can like and follow. The goal of the project is to show how no matter where people are from we can all stand together against acts of senseless violence. The directions are simple and anyone can participate. Trace your hand on a piece of paper. Cut out your handprint. Draw, write or both on your hand and include a message. People have just written their names and the city where they live. Messages for peace against acts of senseless violence. Messages of love and support for Boston. Pretty much anything goes. It is only a month away from the Marathon so we are getting close to displaying the hands and want to include as many people as possible. Take a look at the Facebook page. If you are not connected to Facebook then I can forward you info by email. She has already collected over 400 hands from many different countries. I am so proud of her."

*Announcing an exciting public art project celebrating Massachusetts' State Bug...
born in the town of Franklin.*

Ladybug Spots

In 1974, as part of a lesson about state symbols, the 2nd grade class at the Kennedy Elementary School in Franklin learned that there was no state bug for Massachusetts. The students discussed this as a class and decided that the ladybug would be perfect. Their teacher, Mrs. Palma Johnson called the Massachusetts State House in Boston to request petition papers. The children followed the bill as it worked its way through the entire legislative process. When the time came to witness the signing of the law, Mrs. Johnson's class was there to share in the experience!

40 years later...

This year the Franklin Cultural Council is teaming with the Franklin Rotary Club to host a town wide public art event to honor the 40th anniversary of the law naming the Ladybug the Massachusetts State Bug, a great source of pride for our community. We call this celebration **Ladybug Spots**.

The FCC is offering a limited edition of 25 two foot fiberglass ladybugs to bring this town wide event to life. We invite local groups, businesses and residents to join as participants who will have the opportunity to sponsor a ladybug for \$500. Sponsored ladybugs will be decorated, each one a unique piece of art. Together we can achieve exciting and interactive public art around Franklin through the Ladybug Spots Project. We will encourage sponsors to partner with local artists in the decoration of their ladybugs, offering assistance connecting interested artists with sponsors. Designs will be submitted and reviewed by a board of civic leaders, family members and former students from the 2nd grade class responsible for the original petition.

Throughout the summer and fall of 2014, the decorated ladybugs will be displayed in prominent areas of Franklin for a period of time. Imagine the sight of 25 giant creative and colorful ladybugs on parade for residents and families to enjoy! The year long event will culminate with a public event honoring the late Palma Johnson as well as the members of her 1974 class from the Kennedy School. Proceeds raised by the Ladybug Spots Project will fund public art honoring Mrs. Johnson's legacy as the educator who inspired her students to make Franklin the proud birthplace of our Massachusetts' State Bug.

To take advantage of this exciting opportunity to celebrate our community, contact us at franklinculture@hotmail.com. We look forward to an event that brings creative public art to the residents of Franklin while honoring our history.

Participation in the Ladybug Spots Project will...

- increase brand visibility.
- encourage more local business interest.
- enrich lives in Franklin through arts and sciences.

Over 400 municipalities have hosted Public Art Events to support the cultural arts and sciences. Check online at www.cowpainters.com for images from past projects in areas near you...
